Single Window Solution

Belyons Industries Pvt. Ltd.

The Company

Belyons Industries Pvt. Ltd. an ISO 9001:2008 company is one of the leading reliable names in industrial world for providing one of the most comprehensive suites of Services & technical consulting services & Supply Chain. We at BIPL are dedicated with passion and enthusiasm for helping young entrepreneurs is a real encouragement to proceed with a business start-up right from providing basic information to technology evaluation, sourcing and assimilation of detailed project reports, market survey studies and research through our advanced Industrial, Business and Commercial Databases.

At BIPL, we adopt a systematic approach to provide the strong fundamental support needed for the effective delivery of our services to our Clients.

THIS IS WHAT We Choose

VISION

Our vision is to be an organization that delivers reliable products, which are manufactured under eco-friendly processes with stringent quality control as a standard protocol. We have therefore opted for accreditation of ISO 9001-2008 so as to reassure to our customers, Belyons Industries Pvt. Ltd. commitment of adherence to Quality Norms in line with international Standards.

MISSION

Our purpose is to create superior value for our customers, employees, communities and investors through the production, conversion, delivery and sale of Quality Product & services.

MOTTO

Bringing the best to everyone we touch.

E mail : info@belyons.com / sales@belyons.com

Be the best in the eyes of our customers, employees and shareholders...

Quality Policy

We at BIPL Are committed to retain our leadership at national level & expand our market share globally of services and supply chain through

- ✓ Innovative Services and Consultancy.
- ✓ Stringent quality norms.
- ✓ Partnerships with supplier for superior quality of material.
- ✓ Continuous improvement of our quality management system.
- ✓ Work as a team with employees, suppliers & subcontractors to assure most efficient & effective execution of end result desired by our customers.

WHY BIPL?

- ✓ **Experience**
We have built processes over the years that help to cut development time and improve quality at the same time.
- ✓ **Team**
Our strength lies in the exceptional skill and dedication of our team members. With a growth oriented working environment we are able to attract and retain the best of the best.
- ✓ **Project Management**
Our project managers have extensive experience in the professional development industry.
- ✓ **Trusted Partnership**
We create long term partnerships with our clients to upgrade and maintain their systems. Since the degree of our success greatly depends on the success of our partners, 80% of our customers become our regular clients.
- ✓ **Technological Edge**
BIPL prides itself on being ahead of the curve in terms of both Service as well as Supply . We are constantly leveraging the latest technology to produce customer satisfaction.
- ✓ **Versatile Technological Expertise**
At BIPL we won't impose our opinion of what solution is best for you. we are creating favorable conditions for this concept to flourish.
- ✓ **Rich Knowledge Of Vertical Markets**
Most of our team members have worked in the corporate world, and some have even held executive positions, so we utilize the knowledge of core domain processes and industry standards to ensure your system addresses business concerns.

SINGLE WINDOW SOLUTION FOR NEW BUSINESS SETUP

Consultancy for New Business setup

BIPL is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles / Pre-Investment and Pre-Feasibility Studies, Market Surveys / Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Section of Plant /Process / Equipment, General Guidance, Technical and Commercial Counseling for setting up new industrial projects.

BIPL also publishes databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.

Consultancy

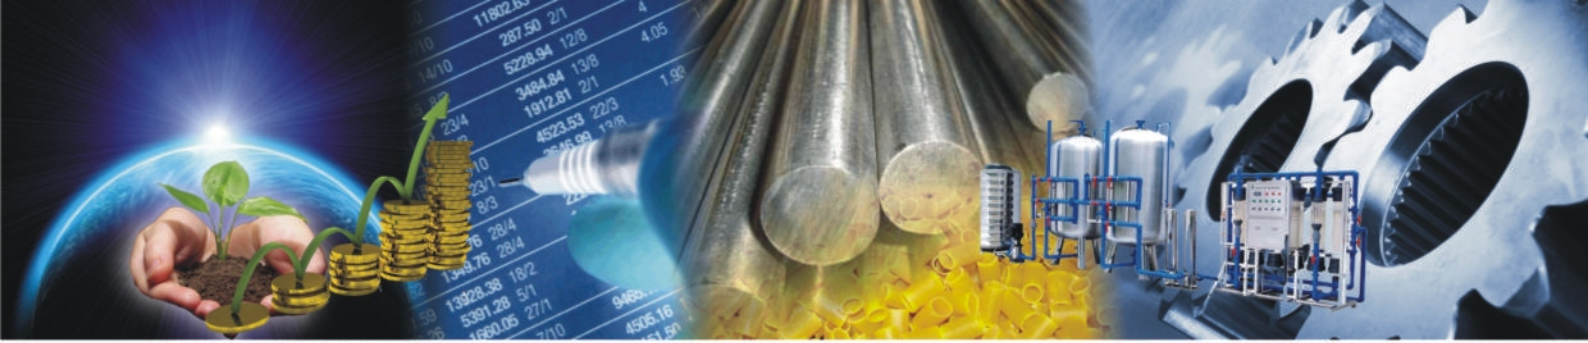

We offer a host of services to assist our customers from the project planning stage to the commissioning of the project. We offer Turnkey solutions on Mineral water projects, Juice, Jeera Soda, Soda-Soft Drink, All Types of Food Projects & also offers consultancy on Garment & Textile Projects, Bricks and Blocks from Fly Ash, Non Woven Bags Manufacturing, Etc. And many more projects.

PROJECTS

- ✓ Foods & Beverages Industries
- ✓ Plastic Industries
- ✓ Agriculture Industries
- ✓ Cold Storage
- ✓ Non Woven Bags
- ✓ Electrical And Electronic Industries
- ✓ Steel & Metal Industries
- ✓ Textile Industries
- ✓ Pesticide And Fertilizer
- ✓ Rubber Industries
- ✓ Pharmaceutical Factories
- ✓ Chemical Plants
- ✓ Oil Industries
- ✓ FMCG Industries
- ✓ Business Consultancy For All Types Of Small Scale Industries, Manufacturing & Engineering Industries

PROJECT REPORT CONTAINS

BEGINNING

Project Introduction, Brief History of the Product, Properties, BIS (Bureau of Indian Standard) Specifications & Requirements, Uses & Applications.

FINANCIAL ASPECTS

Cost of Raw Materials, Cost of Land & Building, Cost of Plant & Machineries, Fixed Capital Investment, Working Capital, Project Cost, Capital Formation, Cost of Production, Profitability Analysis, Break Even Point, Cash Flow Statement for 5 to 10 Years, Depreciation Chart, Conclusion, Projected Balance Sheet, Land Man Ratio.

RAW MATERIAL

List of Raw Materials, Properties of Raw Materials, Availability of Raw Materials, Required Quality of Raw Materials, Cost / Rates of Raw Materials.

MARKET TIPS

Present Market Position, Expected Future Demand, Statistics of Imports & Exports, Export Prospect, Names and Addresses of Existing Units (Present Manufactures) & marketing Tips for sale

LAND & BUILDING

Requirement of Land Area, Rates of the Land, Built up Area, Construction Schedule, Plant Layout.

PLANT & MACHINERY

List of Plant & Machineries, Miscellaneous Items and Accessories, Instruments, Laboratory Equipment's and Accessories, Plant Location, Electrification, Electric Load and Water, Maintenance, Suppliers / Manufacturers of Plant and Machineries.

MANUFACTURING TECHNIQUES

Formulae Detailed Process of Manufacture, Flow Sheet Diagram.

PERSONNEL REQUIREMENTS

Requirement of Staff & Labour, Personnel Management, Skilled & Unskilled Labour.

Take Care of the Present, Plan for the Future, Benefit for your Business.

BIPL LABORATORY SOLUTION

ADVANTAGE AT WHY BIPL?

At Belyons Industries Pvt. Ltd. we lay emphasis on 3M i.e. Men Machine & Method. Our Project Engineers are fully trained to deliver maximum value to our customer through proven machinery & methodology we offer. Further the customer has the abundance of our experience to fall back on to implement and improve the process through the detail productivity improvements inputs. The population of machines and a host of Satisfied Customers in India is a true testimony to the Quality Of our Products & Services.

PRODUCT RANGE

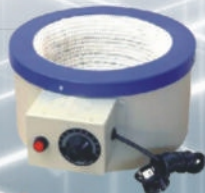

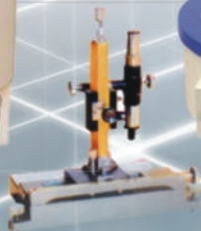

TURNKEY LABORATORY SETUP

We Provided TurnKey Laboratory setup For Packaged Drinking Water (As per IS 14543)/ Natural Mineral Water Plant, And For Schools, Colleges, Pathological Lab, And Several Manufacturing Industries.

SCOPE OF INSTRUMENTS,

- | | |
|------------------------------------|---------------------------------|
| ✓ Physics Lab Equipments | ✓ Medical & Hospital Equipments |
| ✓ Chemistry Lab Equipments | ✓ Laboratory Cooling Equipments |
| ✓ Biology Lab Equipments | ✓ Oil And Petroleum Equipments |
| ✓ Water Testing Equipments | ✓ Pharmaceutical Equipments |
| ✓ Soil Testing Equipments | ✓ Tissue Culture Equipments |
| ✓ Histology Lab Equipments | ✓ Laboratory Heating Equipments |
| ✓ Laboratory Filtration Equipments | ✓ Balances & Scales |
| ✓ Surgical Equipments | ✓ All Types Of Lab Equipments |

Bringing Excellence to the Surface...

SCOPE OF CHEMICALS

Part A

General & Laboratory Chemicals & Solvents

Part B

Bioreagents, Biochemical & Speciality Fine Chemicals

Part C

Nanotechnology Products

Part D

Dehydrated Culture Media

Part E

Biolit (DNA & Protein Tools)

SCOPE OF GLASSWARE & PLASTIC WARES

MISCELLANEOUS LAB GLASSWARE

- Connection Tubes
- Dish Crystallizing
- Evaporating Dish
- Desiccator
- Petri Dish
- Glass Rod

INTERCHANGEABLE LAB GLASSWARE

- Adapter
- Drying Tube
- Thermometer Pocket
- Air Leak Tube
- Test Tube Stand
- Thermometer

GENERAL LAB GLASSWARE

- Flasks
- Beakers
- Dishes
- Flask Screw Cap
- Funnel Filtering Conical flask
- Chromatography and Filtration
- All types Of Bottles Condenser

VOLUMETRIC LAB GLASSWARE

- Burettes
- Pipettes
- Nessler Cylinders
- Volumetric Flasks & Cylinders

SINGLE WINDOW SOLUTION FOR PACKAGED DRINKING WATER PLANT

BIS Approved Laboratory Report For Packaged Drinking Water Plant.

Monthly Report

Microbiological Requirement-

- Faecal streptococci,
- staphylococcus aureus,
- Vibrio cholera,
- Vibro paraheamolyticus,
- Salmonella,
- schigella,

Yearly (Pesticide Report)

- Pesticide Residues Total & Individually

Two Yearly Report (Radioactive)

- Alpha Emitters
- Beta Emitters

Six Monthly

- Sodium,
- Fluoride,
- Silver,
- Selenium,
- Mercury,
- Cadmium,
- Arsenic,
- Cyanide,
- Lead
- Chromium,
- Nickel,
- Polychlorinated Biphenyl (pcb),
- Polynuclear Aromatic Hydrocarbon

Calibration Report (From NABL Approved Lab)

Calibration Report for all Type of Laboratory Instruments from NABL Approved Laboratory Like (Hot Air Oven, BOD Incubator , Bacteriological Incubator, Autoclave , Thermometers, Single pan Balance, Turbidity Meter , Ph meter, Spectrophotometer, Micrometer and many more)

Training Course

- ✓ Training Course for newly joined Chemist And Microbiologist.
- ✓ Explanation of Content of QC manual.
- ✓ List of BIS Standards availability.
- ✓ STI Explanation and All Formats explanation and maintenance after grant of license
- ✓ All lab display as per Lab manual
- ✓ Lab file preparation Practical of testing Method of Chemical parameters Practical of testing Method of Micro Biological parameters.
- ✓ In house report Maintenance and BIS audit Inspection Preparation.

Special International Standard Certification For Water Industry By ISCA International

Driven to be the best...

QUALITY IMPROVEMENT PRODUCT FOR PACKAGED DRINKING WATER PLANT

Anti-scalants

Antiscalant is a liquid Antiscalant & Antiscalant for reverse osmosis systems. Use of Antiscalant controls inorganic scales of elements commonly in surface, ground and sea water As well as Specially made for higher levels of silica, Iron and metal oxides.

Type of Antiscalant

1. Antiscalant 1- (Inorganic Scales)

It is effective in controlling calcium carbonate & sulfate scales of calcium, barium and strontium.

2. Antiscalant 2- (Silica & Iron)

It is specially made to minimize scaling due to metal oxides & reduces cleaning frequency. Effective over wide range of concentration, such as residual coagulants or aluminum rich silica and iron.

Microcid (For Micro Organism)

MICROCID is a powerful sterilizing agent, effective against bacteria, virus, fungi, algae and spores. What is more important is that MICROCID is equally effective against bacterial species, which are normally resistant to other biocides. In addition to its strong biocidal action, which is long lasting, MICROCID is also non-toxic, non-mutagenic, non-polluting, non-residual and an eco-friendly biocide. In fact, it is the biocide which is suitable for all industries..

PH Booster

R/O reduces the PH of treated water below 6.5 i.e. below BIS limits. Therefore to overcome this problem BIPL has developed the food grade PH Booster which enhances the PH by 1-2 without changing the quality of product.

Mineral Mixtures

We have developed the food grade mineral mixture to improve the taste and quality of packaged drinking water.

Can Washing Detergents

Our detergent powder can easily remove soil, dirt and odour. It can also be used to machine wash. (FINEWASH- B) CLEANER FOR JARS FINEWASH-B is a specialty liquid cleaner for Jar surface in package drinking water Industries.

R/O Cleaning Chemicals

The operation stability of RO system is determined by the pretreatment of original water quality. However, RO system will be polluted in varying degrees after using for a certain period (usually 3-12 months). Thus the chemical cleaning is necessary to restore the membrane performance. BIPL provides high performance membrane cleaners to improve the operational efficiency of RO systems by offering specific cleaning solutions.

CORTEGES FOR PACKAGED DRINKING WATER PLANTS.

	String Wound Filter Cartridge	Spun Bonded Filter Cartridge	Pleated Filter Cartridge
Filter Media	Polypropylene	100% Polypropylene	Pp Micro Fiber
Micron Rating	1, 5, 10 Micron	0.5, 1, 5, 10 Micron	0.2 - 50 Micron

IPR & OTHER CONSULTANCY SERVICES

Trademark Registration

Trademark protection is the key to securing the brands and images that distinguish a company or their product from its competitors. A trademark can be a valuable asset in building the profitability and goodwill of your business.

Advantages of Trademark Registration

- Protects your hard earned goodwill in the business
- Protects your Name / Brand Name from being used in a same or similar fashion, by any other business firm, thus discourages others from cashing on your well built goodwill
- It gives your products a status of 'Branded Goods'
- It gives an impression to your customers that the company is selling some standard Products or Services
- The exclusive right to the use of the trademark in relation to the goods or services in respect of which the trademark is registered.
- To obtain relief in respect of infringement (misuse by others) of the trademark.
- Power to assign (transfer) the trademark to others for consideration.
- It will be Transferable asset for you.

Copyright Registration

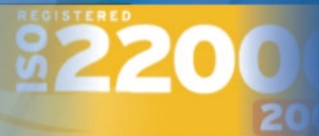

- Copyright allows you to protect your original material and stops others from using your work without your permission. The existence of copyright may be enough on its own to stop others from trying to exploit your material. If it does not, it gives you the right to take legal action to stop them exploiting your copyright, and to Claim Damages.
 - By understanding and using your copyright and related rights protection, you can:
 - Sell the copyright but retain the moral rights.
 - License your copyright for use by others but retain the ownership.
 - Object if your work is distorted or mutilated.
- Copyright gives the right owner numerous exclusive economic rights

ISO Certification

- Cost savings - International Standards help optimise operations and therefore improve the bottom line
- Enhanced customer satisfaction - International Standards help improve quality, enhance customer satisfaction and increase sales
- Access to new markets - International Standards help prevent trade barriers and open up global markets
- Increased market share - International Standards help increase productivity and competitive advantage
- Environmental benefits - International Standards help reduce negative impacts on the environment.
- ISO Systems improves the company/organization's efficiency and effectiveness and to provide access to the global markets. The journey towards the Quality Management System can be turned with a commitment to quality of products and services to our valued customers.
- ISO Systems has given us a wonderful base lone analytical tool to look at the process and the product.
- Implementation of ISO Systems will force employees to take a close look at the processes and methods incorporated in the quality system.
- To implement the effective "Raw material suppliers". Evaluation of suppliers, capability of suppliers is to be verified and reviewed time to time for better productivity.
- All employees are to be made responsible for their own inspections at their respective working places.

TYPES OF ISO

- ISO 9000 Quality Management Practices, Multiple Use
- ISO 14000 Environmental Management, Multiple Use
- ISO 22000 Food Safety Management System, Food Processing
- ISO 13000-2:2005 Plastics
- ISO/TS 16949:2002 Auto Components
- ISO/IEC 27001 To Implement Effective Information Security Management., Multiple

International Standard Certification By ISCA International :

It Will Help To Reduce The Cost And Increase The Productivity And Quality.
